

How does Stone
Soup Creative
help you define
and communicate
your brand?

Hello! I'm Julia Reich of Stone Soup Creative.
I'm a Brand Strategist, Graphic Designer & Graphic Recorder.
I work with organizations to help them develop and communicate their brand in order to maximize mission impact. And I have a question for you (well, four questions):

Do you need to:

1. Take **control** of your brand?
2. **Stand out** more in peoples' minds?
3. Gain supporters' **trust** (and **money**)?
4. Make your marketing efforts more **effective**?

If you answered “yes” to any of these questions, then you are in the right place.

BrandRecipe

All of these things are possible with an authentic brand.

The Brand Recipe is a simple yet comprehensive process that will help your group be authentically you, something no other organization can be.

There's something magical about a brand that works, one that flows from what the organization truly is, at its core...

I'll work closely with your team to uncover truths about your organization that are already there – to capture your identity.

I believe that the most successful brands share their authentic character and personality with their participants, supporters and influencers. So the basis of the **Brand Recipe** rests on this concept:

If you reveal more about **who** you are as an organization, people will connect with you **emotionally**.

And if people connect with you emotionally, they are more likely to:

- **Pay attention** to you
- **Trust** you
- Offer their **support**

Here's how it works!
